## LE FLAT EARTH

THE IDEA THAT THE EARTH IS FLAT IS PROBABLY AT FIRST THOUGHT ONE OF THE MOST RIDICULED CONCEPTS ANYONE CAN MENTION. IT IS SYNONYMOUS WITH, MORON, IDIOT AND OTHER DEROGATORY TERMS AND MET WITH ANGER AT TIMES. SOME QUESTIONS I HAVE ARE, WHY DO PEOPLE DISMISS AND ATTACK THE IDEA OF A FLAT EARTH? WHAT PROOF DO THEY HAVE THAT WE LIVE ON A SPINNING BALL FLYING THROUGH INFINITE SPACE? MOST PEOPLE, INCLUDING MYSELF, WHEN FIRST PRESENTED WITH THE IDEA REFUSE TO EVEN LOOK AT ANY OF IT. WE BELIEVE WE HAVE ALL THE PROOF NEEDED TO KNOW WE LIVE ON A BALL EARTH AND WILL DISMISS IT WITHOUT FURTHER THOUGHT. IT'S NOT UNTIL WE GET ANNOYED ENOUGH WITH THE FLAT EARTH NONSENSE THAT WE TRY TO PROVE THAT THE EARTH IS INDEED A GLOBE AND THAT IS WHEN OUR LIVES ARE FLIPPED UPSIDE DOWN.

WE DO NOT LIVE ON A SPINNING BALL!

# Modern SCIENCE

is a faith based religion

Fourteen billion years ago there was **NOTHING**, and it exploded into all we see. After a bunch of stuff happened, **NONE** of which we have math for yet, planets and galaxies coalesced in an infinite (but also expanding) vacuum. Then our lucky planet formed in the perfect goldilocks position while furiously spinning at 1,000 mph while orbiting a blazing ball of gas at 66,600 mph that was 93 **MILLION** miles away and **BILLIONS** of years old itself. The earth was also chasing that nuclear furnace we call our sun at 500,000 mph, keeping a perfect tilt angle to the sun while the galaxy of **100 BILLION** stars rockets through the universe at 2.2 **MILLION** mph into nothingness. Earth was just chilling out there and spinning for a while when suddenly out of nowhere, with math we don't have yet, inert matter turned into single-celled organisms, which for no apparent reason just divided, reorganized through random mutations and self replicated, becoming complex multicellular life forms that then slowly morphed into fish. Fast forward - while our nuclear furnace sun stayed perfectly stable and heating us from just the right distance, big dinosaurs appeared who later turned into oil for us to use but I digress, then apes, who then turned into tiny smart people even though the apes are still here.

All by accident, on a random spinning rock moving in four different directions at at speeds the human mind can't even comprehend. All this we are told to believe while we sit here **PERFECTLY STILL!**

That's science! But asking, "where is the rest of Antarctica?" is ridiculous?

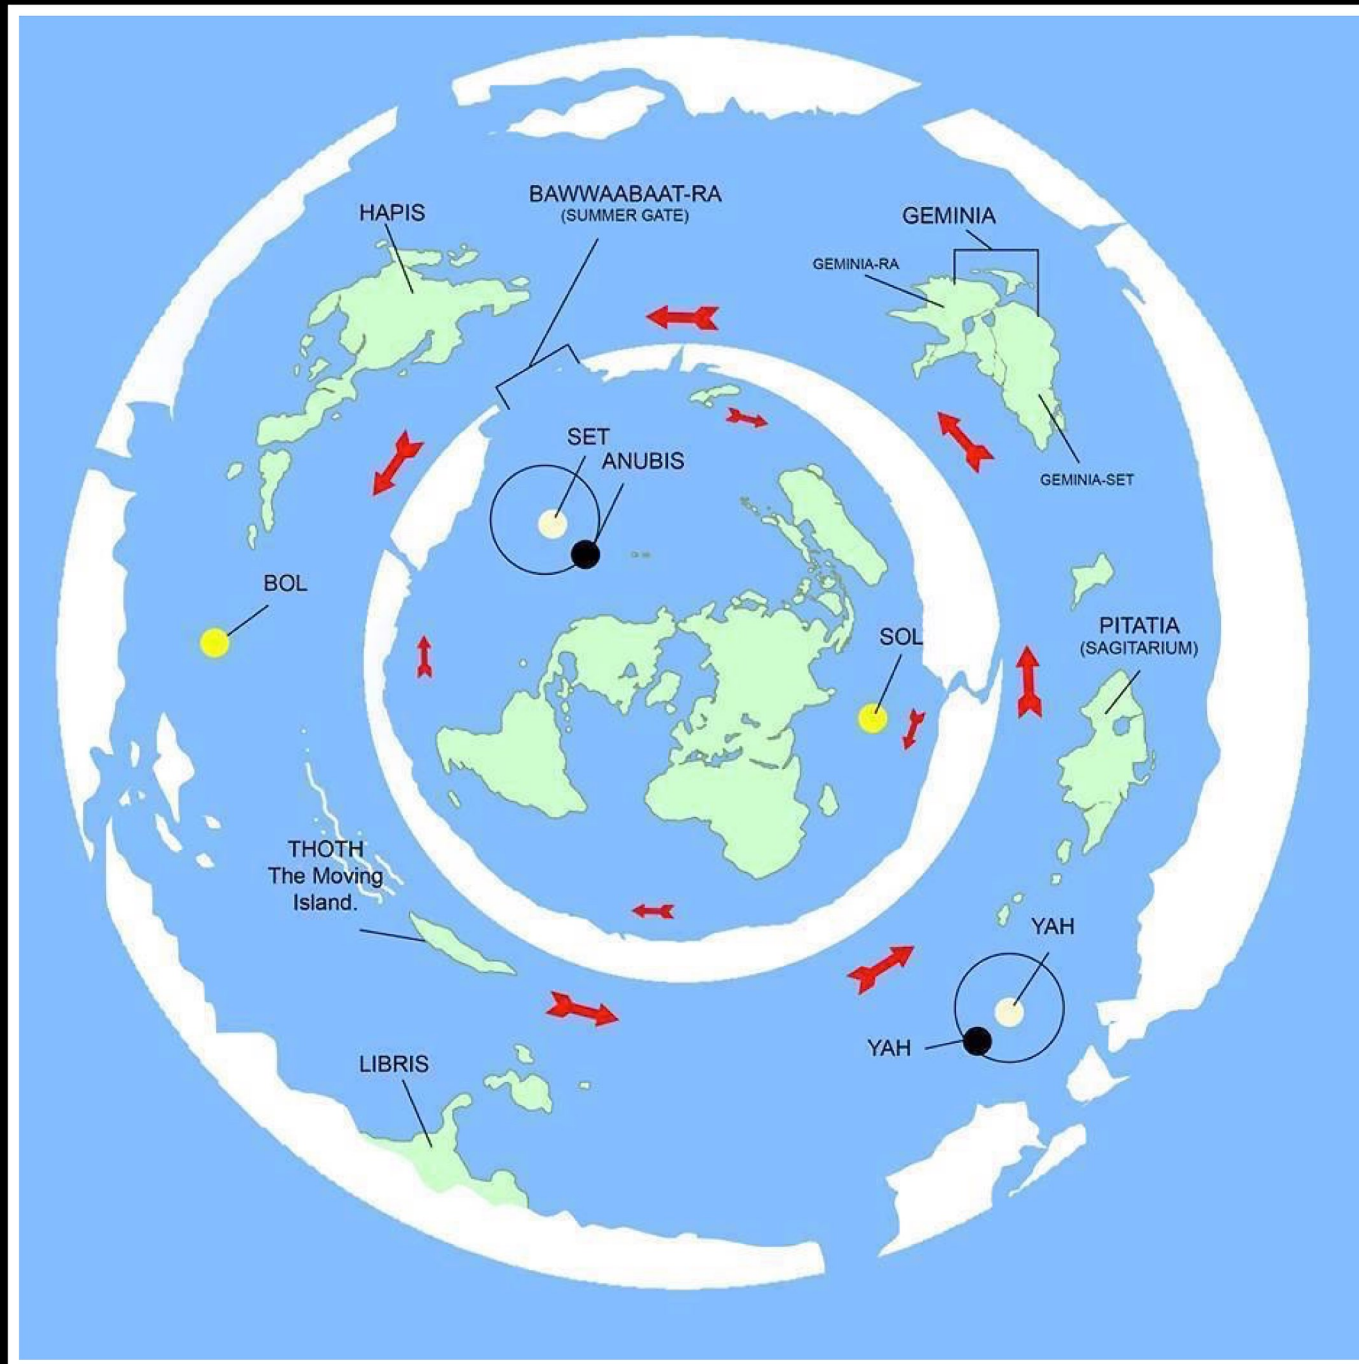

**“Fortunately, some are born with spiritual immune systems that sooner or later give rejection to the illusory worldview grafted upon them from birth through social conditioning. They begin sensing that something is amiss, and start looking for answers. Inner knowledge and anomalous outer experiences show them a side of reality others are oblivious to, and so begins their journey of awakening. Each step of the journey is made by following the heart instead of following the crowd and by choosing knowledge over the veils of ignorance.”**

In the background, the horizon is visible under a sky filled with white and light blue clouds. The overall scene is serene and beautiful.

**THAT'S WHY THEY ARE CALLED AIRPLANES AND NOT AIR GLOBES**

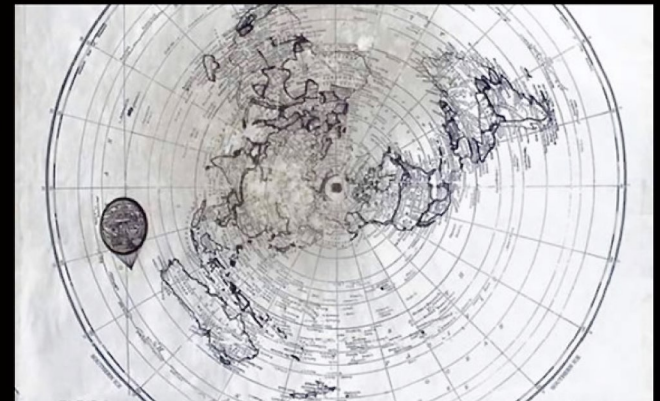

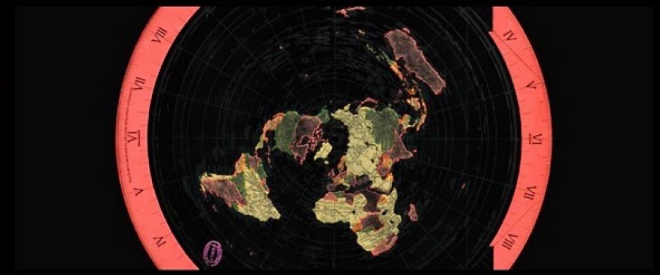

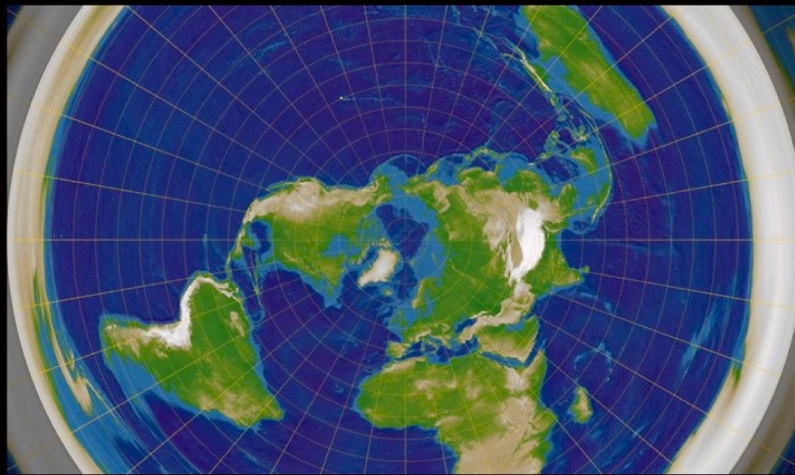

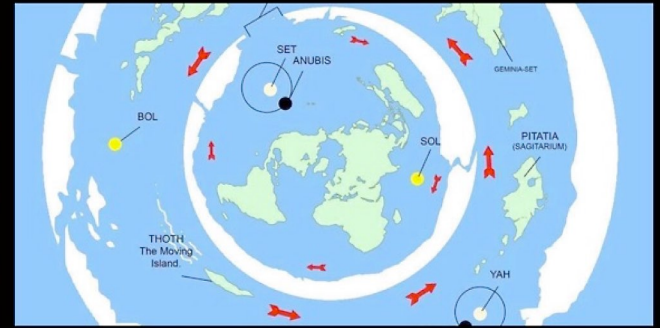

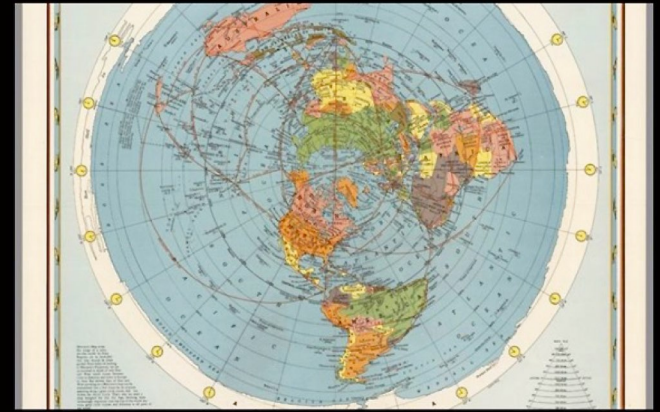

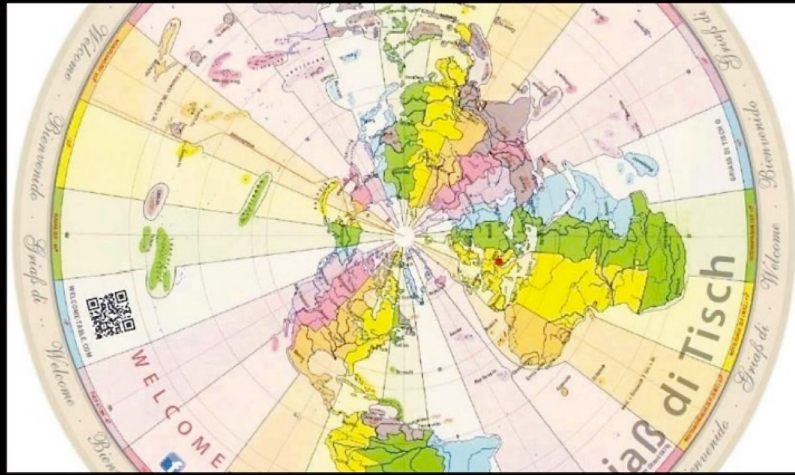

THE SUEZ CANAL CONNECTING THE MEDITERRANEAN WITH THE RED SEA IS 100 MILES LONG WITHOUT ANY LOCKS MAKING THE WATER AN UNINTERRUPTED CONTINUATION OF THE TWO SEAS. WHEN CONSTRUCTED, THE EARTH'S SUPPOSED CURVATURE WAS NOT TAKEN INTO ACCOUNT, IT WAS DUG ALONG A HORIZONTAL DATUM LINE 26 FEET BELOW SEA-LEVEL, PASSING THROUGH SEVERAL LAKES FROM ONE SEA TO THE OTHER, WITH THE DATUM LINE AND WATER'S SURFACE RUNNING PERFECTLY PARALLEL OVER THE 100 MILES. IF THE EARTH WERE A SPHERE THERE SHOULD HAVE BEEN 6,666 FEET OF CURVATURE.

93,000,000

**THE REASON WE CAN'T SEE ALL THE WAY ACROSS THE EARTH IS BECAUSE OF AIR DENSITY NOT CURVATURE.**

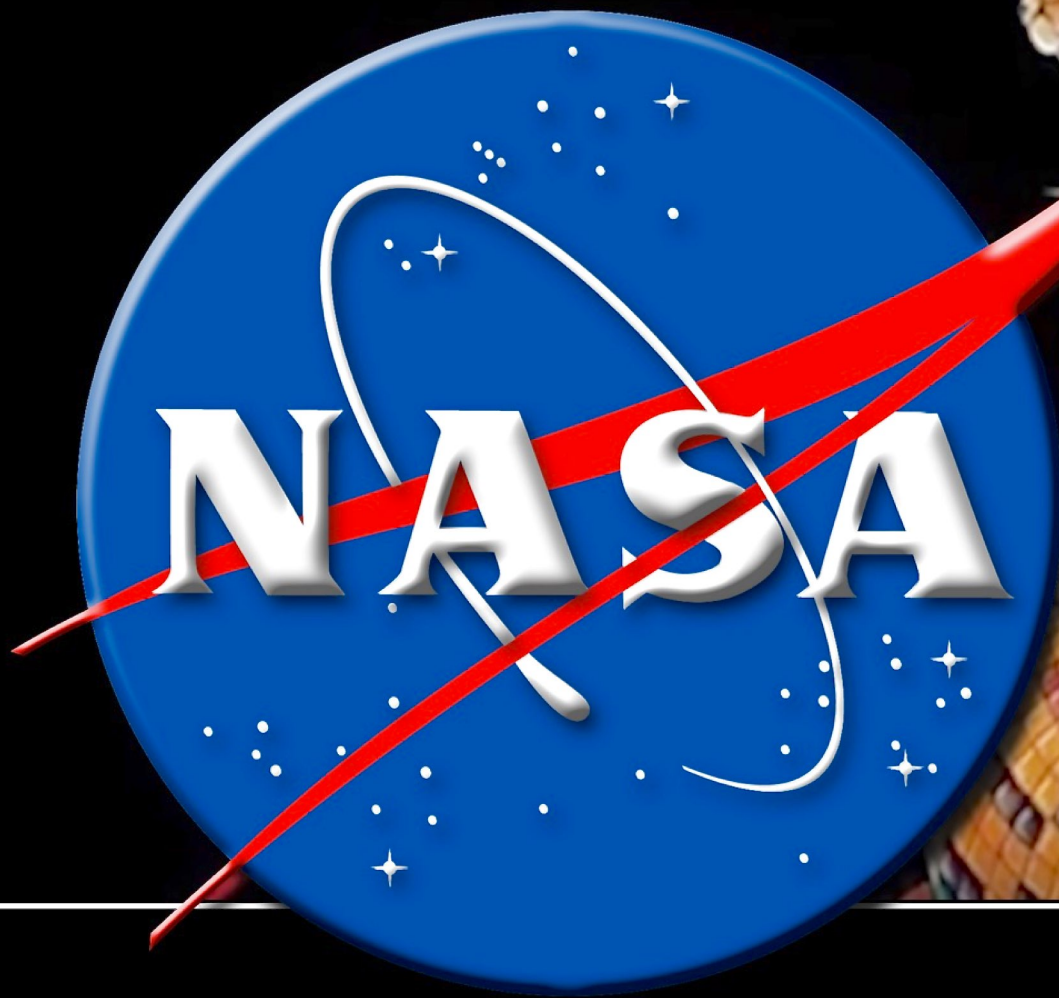

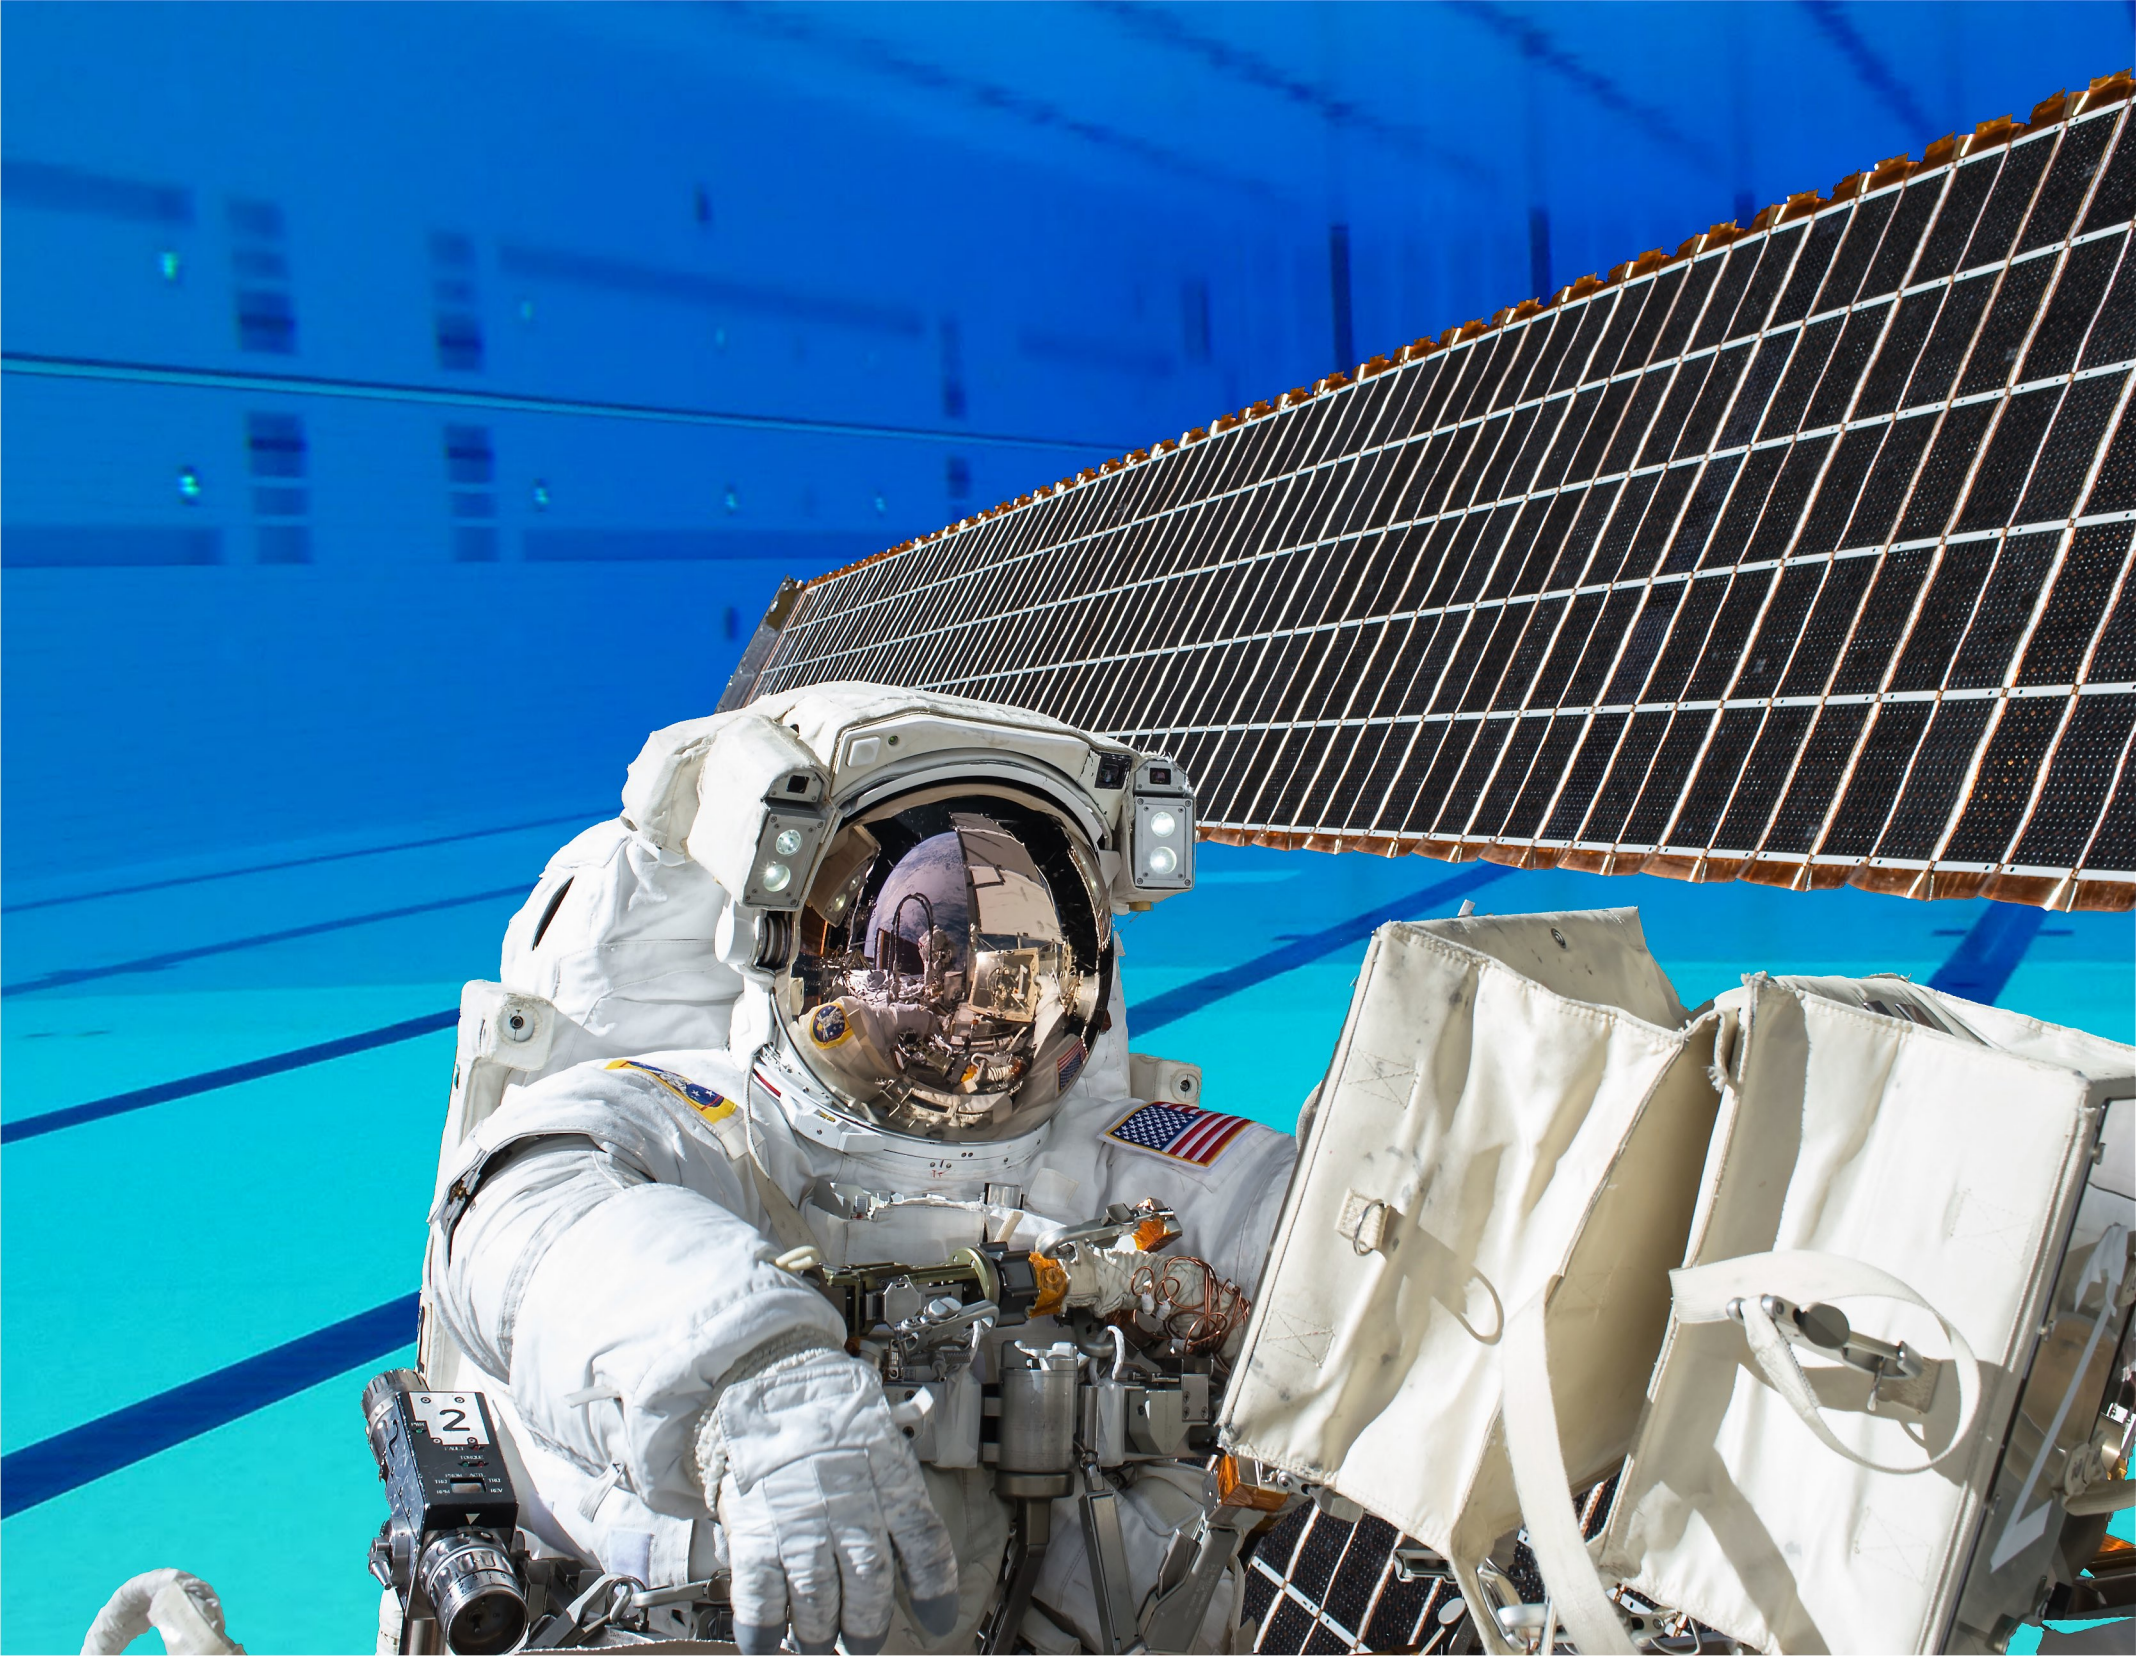

# Flat Earth FACT #98

NASA and modern astronomy say Polaris, the North Pole star, is somewhere between 323-434 light years, or about 2 quadrillion miles, away from us! Firstly, note that is between 1,938,000,000,000,000 - 2,604,000,000,000,000 miles making a difference of 666,000,000,000,000 (over six hundred trillion) miles! If modern astronomy cannot even agree on the distance to stars within hundreds of trillions of miles, perhaps their “science” is flawed and their theory needs re-examining. However, even granting them their obscurely distant stars, it is impossible for heliocentrists to explain how Polaris manages to always remain perfectly aligned straight above the North Pole throughout Earth’s various alleged tilting, wobbling, rotating and revolving motions.

## Knowing vs Believing

We have two options in life. We can believe what we are taught and what we are told or we can venture out on our own and look for answers ourselves. When we look into these groups that we are told to listen to and the groups responsible for our education curriculum and we find untruths and a solid bias toward one particular viewpoint, then that should be a huge sign that it might behoove us to look further into a few of these things. If you begin to search and the more you do, the more deceptions you uncover, you may reach a point like many of us, where it no longer is an option but it has become incumbent on you as a human being to look into everything that we are told to believe. Rich and powerful men run the World. They run the World Banks, the large Corporations and they are in the pockets of the Politicians. Therefore, it is your responsibility to hold these people accountable for the things that they have taught you. If we are being lied to, we deserve to know and we have a duty and a right to scream it from rooftops and to end any attempt to subvert that duty. You are responsible for your beliefs. If you are happy taking the word of those who couldn't care less about you as fact, that is your choice. I choose to be responsible for my beliefs no matter how stupid the world may have been taught my beliefs may be. The truth is the truth even if no one believes it and a lie is a lie even if 7 billion people believe it very strongly and think they believe it from a spinning space ball. But it is up to you, all I remind you is to do your own research because when you do, you'll never again believe what you've been taught.
